### Lighting characteristics

|                                                      |                                                                                       |
|------------------------------------------------------|---------------------------------------------------------------------------------------|
| Number of light sources :                            | 2                                                                                     |
| Light source type :                                  | Led 4W 2700K                                                                          |
| Luminaire power :                                    | 8 W                                                                                   |
| Colour temperature :                                 | 2700 K                                                                                |
| Colour Rendering Index :                             | CRI>90                                                                                |
| Luminous flux (lumens) :                             | 630 lm                                                                                |
| Luminous flux efficiency :                           | 79 lm/W                                                                               |
| MacAdam step :                                       | 3                                                                                     |
| Beam angle ° FWHM :                                  | 70°                                                                                   |
| Lighting type :                                      | direct - indirect                                                                     |
| This product contains a lightsource of energyclass : |  |

### Electrical characteristics

|                     |                           |
|---------------------|---------------------------|
| Insulation Class :  | Class I                   |
| Voltage / Current : | 220-240V / 50-60Hz        |
| Dimmable :          | Phase-cut dimming (TRIAC) |

### Available On Request

|                                                       |
|-------------------------------------------------------|
| Painted in RAL colors                                 |
| Other led color: 4000K                                |
| Led 3,2W 350mA: 2200K / 2700K / 3000K / 4000K / 5000K |
|                                                       |
|                                                       |
|                                                       |
|                                                       |

\* Please refer to the information pages for the specific characteristics of anodized surfaces.

\*\* All light fixtures shipped from our address in Megara, Greece are made in Greece.
